

CompuPlace Celebrates Each Success

Started in 1988 as Compuplay to provide a computer resource center for people with disabilities

We moved to the Ecumenical Community Center in 2000, and became known as

CompuPlace

Our mission is to improve the quality of life for people with disabilities through computer-related activities that are both educational & recreational.

We provide a caring, computer-based learning environment.

Fun Training & Brain Exercise

in an Atmosphere of

Encouragement & Success

Discover & Reinforce Skills!

Post-Secondary Enrichment

to Continue Lifelong Learning

Individual & Group

Sessions Available

Computer Classes also Available to Community Groups as Fundraisers

Hands-on Training Sessions for Staff & Families are Available to Support & Assist with Computer Use

Information & Appointments

& to Help with Your Tax-Deductible Gift

A computer learning center for people of all ages with disabilities

Sessions tailored to meet the specific needs of each individual - stimulating literacy, language, reasoning, money, academic, social & creative skills, as well as information-age computer skills.

We collaborate with clients, family and other caregivers, and professionals, services and organizations.

Touch screens

Speech

Large print

Switches

Voice recognition

Internet access & e-mail help individuals keep in touch with family, friends, news & info.

Can you teach or assist in the lab?

Technology opens doors of opportunity. It helps people with disabilities overcome obstacles, communicate more effectively, & maximize independence.

**Abilities-Based
Age-Respectful
Literacy & Lifelong Learning**

Our programs support families

CompuPlace Support
